

Building Advisory Committee

Core Questions: **become the work ... the focus, of the Building Advisory Committee**

1. What type of campus do we want?
2. What should be remodeled, re-used, re-built or removed?
3. What will the community support?
4. Do we go with OSFC, or go into a project on our own?
5. What projects should we do now... what do we do later?
